The Woodlands, TX

YOUR OUTDOOR ENVIRONMENT

BUILD

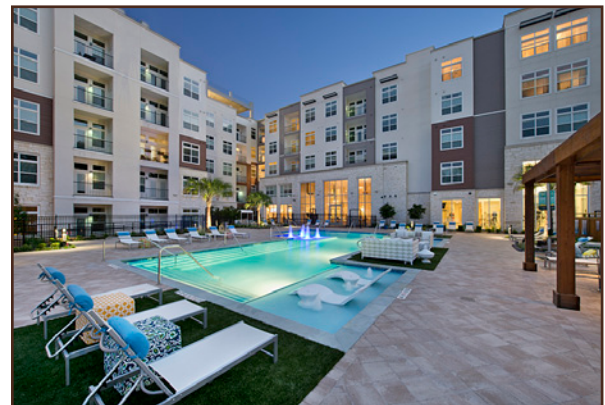

DESIGN

IMAGINE

E.L.I. Land Design was founded in 1997 by Chris K. Eiseman with a single truck, a hard work ethic and a love for the outdoors. As licensed Landscape Architects the design becomes much more than just planting a garden. With the knowledge of both design and construction E.L.I. Land Design can utilize these skills to provide our clients with an all encompassing design from conceptual site planning to placing site furnishings.

E.L.I. Land Design is always open to any projects, we have design experience in high-end residential, parks, estates, ranches, resorts, multifamily and commercial. Our office has the education, experience and certification to offer specialized services including permit and construction, 3-D digital modeling and digital renderings. We have a long history of working with other design professionals and contractors to help meet our client's goals. E.L.I. Land Design has two registered Landscape Architects in the state of Texas and we are CLARB certified to get licensure in over forty states depending upon the site requirements.

If you would like to discuss your specific project needs, please call our office at (281) 259-2610 or email us at info@elilanddesign.com and we will be happy to assist you.
